Show and Tell

...Around Dist, XI...

Our indoor season is about to reach the halfway point, and remaining meets are still on the schedule for Feb. 18, March 24 and April 6 & 7. A flyer is posted on the back cover of this NL. If you're not flying, come and enjoy those who do.

The outdoor schedule is taking shape as well. Here are the dates as we have them at this time.

Feb. 24	Misery Meet at Elma, WA sponsored by SAM 8	CD TBA
April 11-14	San Valeers Spring Annual at Lost Hills, CA	CD- Terry Thorkildsen
April 26-28	Annual OCD Nor-Cal Champs at Waegell Field, CA	CD-B. Vanderbeek
May 18-19	Annual SAM 8 Spring Opener at elma, WA	CD-TBA
June 15-16	Annual 3 Amigos Meet at Tumalo, OR.	CD - B. Hannah
June 22-23	Annual SAM 8 June contest at Elma, WA.	CD -TBA
Aug. 14-18	NWFFC/5 Days in Tangent - WMC	CD. Hannah. B.Grell
Aug. 16-18	FAI Challenge at Parker Field, Tangent, OR	CD: B. Jensen, T. O'Dell]
Sept. 6-8	Annual SPOT meet at Parker Field, Tangent, OR. -WMC	CD- G. Gilbert, B. Grell
Sept. 27-29	Annual WMC Fall Annual FF Meet, Tangent, OR.-WMC	CD - G. Grell, R. LaPrelle

++++

†James Alderson

I received a call today (Jan. 11) from Jim Alderson informing me that his son, James Alderson had just passed away from a heart attack. James and his dad, Jim, were regulars at our indoor meets and long time members of the WMC. James was a generous and helpful free flightier and an excellent craftsman and competitor. Needless to say, his passing came as a shock to those of us who knew him. Our condolences go out to his family and friends. James was 66 years old. No further information about a celebration of life is available at this time

WMC Dues are now Due

The WMC operated on a calendar basis, and our reports to the AMA are dues by the end of /March each year. That means, our member list ,must be as up to dat as possible by that time. Consequently, we need to have our membership dues in hand before we send our money to the AMA for our annual charter and club insurance.renewal. So, please pay your dues by no later than the March 9 meeting WMC dues are \$15 per year and you must be an AMA member. We also accept \$15 for subscriptions to the newsletter and AMA membership is not required.

Outerzone Contribution

At the last meeting of the WMC, the club voted to make a donation to the Outerzone plans service. This group provides pdf cop[copies of many different plans free of charge. The deal was that members who were interested could contribute any amount, and the club would kick in \$200 from the treasury. Donations were accepted until the end of December. Wayne Smith, Ben Strauss, Robert Hauk Glenn Grell , Bill Swift and Bob Stalick all kicked in some \$\$\$. The end result was that we sent via paypal \$371.(Payment was actually made in Pounds Sterling).

I received this note the following day: "Hi. Bob. Thanks for your email. Gosh This is very generous. Thank you very much. Mary and I are both a bit overwhelmed to be honest!

Please express our thanks to the club members and wish them all a very Merry Christmas from us.

Best Regards, Steve."

Coupe Postal

Several of our members have been regular participants in the Annual Coupe Postal contest, and have done very well. This event draws a worldwide participation list with entries from Down Under as well as from the USA. Our guys usually find a decent weekend in March to do the official flights. Northern Hemisphere competition closes on March 31. Coupes must be 1969 vintage or earlier, as I recall. The results were recently sent out, and 4 of our stalwarts were entered and three swept the first three places. Way to dominate, guys. Congratulations to all.

Contestant	Nation	Model	Times [sec]							Total	Place

December 3, 2023 Indoor Contest, report by Bob Stalick, CD

The first meet of the season is always a little questionable. Our arrangements with the school are tested once again. This year we have a new athletic director to work with, just when I got the now retired one trained. So, when I arrived at the school, a bit earlier than usual, what I feared came true. The electronic key didn't open the gym. Several attempts gave the same unyielding result. A quick call to the right person brought about a message phone, but fortunately, she called back in a matter of minutes, and came right over to let us in, BUT. the nice thing that happened when we finally gained access was the arrival of a crew of Science Olympiad (SO) students and parents and sponsor/coaches. There were 8 youngsters who actually flew, I had been contacted earlier by Josh Finn, who organized this group (from Southern California), who had travelled to Camas, WA the previous day for a west coast event. As we were able to get ourselves organized and get everyone registered, we let the SO kids have one side of the gym for their pit area, and we made sure they had airspace as needed.

The usual crew of fliers entered, and we were joined in competition by Josh Finn, who proved himself to be an excellent indoor flier. I was impressed that the usual strange SO models in the past were barely flyable, but this year's design was exceptional; with some of the youngsters putting in excellent flights in the 2 to 3 minute range. In fact, the special SO Mass Launch we held for these kids was won with a flight in excess of 3 1/2 minutes.

Since we had a shortage of true duration models, we extended the flying of all model types into the afternoon, and the meet seemed to be OK with no midair collisions.

We had six entries in the noon P-18 mass launch(which took place at 12:20). and Robert Hauk won that event with a flight of 2:33. Notable observations: Tom Stalick getting his Pistachio Waterman to fly over 10 seconds, Ben Strauss trimming his V tail scale model most of the day, Josh Finn taking the high time award for the meet. We had a total of 12 entires. Next contest is Jan. 21. I don't think we'll have the SO kids at this one.

The Results:

<u>IHLG - 3 entries</u>		<u>Std. Cat. Glider - 3 entries</u>		<u>No Cal Scale - 5 entries</u>	
Josh Finn	60.13	Josh Finn	60.44	Mark Allison ((Heinkel)	3.10

Noon Mass Launch Trophies Found

In the 2019-2020 Indoor Contest Season, the WMC had initiated the Noon Mass Launch Trophy with an engraved glass for first and second places. However, the season never did get completed due to the pandemic, so the glasses were never awarded. Recently, while doing a review of the indoor supplies, these

Trophies (cont'd)

two glasses were found. A quick check into back issues of the newsletter established the rules, which were: All who enter the P-18 Noon Mass Launch are automatically entered in this event. The top 4 scores out of five contests are counted. The standings were published after the third meet of the year and were as follows: First was James Alderson, second was Steve Riley, third was Jim Alderson, fourth was Robert Hauk, fifth was Walter Hicks, sixth was Tom Stalick, seventh was Tom Kopriva, eighth was Richard Zbinden, and Paul Harris was ninth. As I look at the names of the contestants in the 2020 season, I was saddened to see that more of them are no longer with us than those who are still here.

I am proposing that the two engraved glasses be given out at our April 2 day meet this year, and that the previous scores be scrapped with a new start effective with the January, 2024 contest.. This would call for the best three out of four scores to be counted.

Updated Indoor Records at SAHS Since 2021 (updated as of Jan. 21, 2024)

The following are the top scores per duration event since the no touch rule was enacted in December, 2021.

Event	Date Set	Time	Flier
IHLG	01/22	:59.40	Tom Stalick
Std. Cat Glider	02/23	:69.50	David Cammack
Bostonian	04/22	1:59	James Alderson
P-18	02/23	2:44	Robert Hauk
Ltd. Pennyplane	12/23	7:12	Josh Finn
A-6	02/22	5:11	Mike Altig
Ornithopter	12/21	2:04	Tom Stalick
Mini Stick	12/21	1:19	Tom Stalick
F1L	12/23	9:15	Josh Finn
1/2A	04/22	3:57	James Alderson
Jr. Interm. Stick	03/23	6:40	Mike Altig

+++++

Indoor Contest Results - Jan. 21, 2024

As expected due to the recent snow and ice storms and the passing of James Alderson, our attendance was down for this contest. We had nine official entries, but we also had two Science Olympiad kids show up from Portland with their dads. This was also the usual date of the WMC CDs meeting, which took place in the early afternoon. It, too, suffered from weather related absences. On the plus side, we welcomed The return of Michael Altig to the indoor scene after a brief absence, and we also had a newcomer, in Tom Dralces, who is one of Mark Allison's proteges.

The concept of the Mass Launch trophies from 2020 being resurrected was introduced and seemed to have appeal. Hopefully, the weather for the February 18 indoor meet will be better, and we'll have some improved turnout.

The Results:

<u>IHLG - 1 entry:</u>		<u>No Cal Scale - 2 entries</u>		<u>Pistachio Scale - 1 entry</u>	
Robert Hauk	:35	Mark Allison (Heinkel)	2:39	Mark Allison (Lacey)	1:09
		Robt. Hauk (Zero)	1:30		
<u>Peanut Scale - 2 entries</u>		<u>AMA Scale - 1 entry</u>		<u>Noon Mass Launch - 4 entries</u>	
Mark Allison - (Chambermaid)	2:05	Robt. Hauk	:30	Robt. Hauk	2:30
				Roger LaPrelle	1:58
				David Still	1:38
				Steve Larson	:56
<u>Bostonian - 1 entry</u>		<u>P-18 - 1 entry</u>		<u>Ltd. Pennyplane - 2 entries</u>	
Robt. Hauk (Boxtonian)	1:43	Roger LaPrelle	2:01	Michael Altig	5:16
				Robt. Hauk	3:02

Notes From the Annual CD Meeting - Jan. 21, 2024

The meeting was held at the South Albany High School gym lobby.

Attending: Bruce Grell, George Gilbert, Bill Swift, Ron McBurnett, Blake Jensen, Tiffaney O'Dell, Jim Taylor, Roger LaPrelle, and Bob Stalick.

Unable to attend: Glenn Grell, Ben Strauss, Sara Menanno, Bruce Hannah.

Vice President Bill Swift called the meeting to order at 12:40 pm.

A review of the upcoming proposed contest dates was conducted. The dates were accepted as published, The 3 Amigos meet at Tumalo will be held on Fathers Day weekend again this year (June 15 & 16).

Contest Directors for all meets were assigned, and event directors appointed for the rounds events.

Blake Jensen noted that Tiffaney has applied for her CD license and will officially co-CD the FAI meets in August with Blake.

Bruce Hannah requested via email that all rounds events prizes be awarded at the Saturday evening dinners at the Grell farm. Agreement from the CDs present.

Bruce Hannah reported via email that Sara Menanno is designing the logo for this year's NWFFC and these will be on the medallions he will have made to award to the Rounds events winners.

The winners of the Rounds events at the SPOT and Fall Annual meets will be given engraved glass mugs as in the past. Ron McBurnett will order them when he receives the list, which Bob Stalick will provide.

Discussion of event changes:

After discussion it was recommended that Moffet be added to all three contests.

Events dropped for 2024 are: FAI Man event and the Combined FAI Event--both at the NWFFC. No other drops were recommended.

Coupe Cup Discussion. Bill handed out a sheet with the latest iteration of the Coupe Cup rules as approved by the SAM 8 Club. The event will be flown at our meets in conjunction with the Coupe and Coupe/A-1 classes with the contestant noting that the model flown is a Coupe Cup qualifying design. Glenn and Bill will be the overall score keepers.

PeeWee Palooza. Ben was unable to attend, but it was reported that he intends to sponsor the Palooza again this year. It will be posted on our schedule as a likely Friday evening event.

Entry Fees: No changes in the entry fees are recommended. (Currently, they are \$30 for the NWFFC, and \$20 for the SPOT and Fall Annual, Rounds events are \$10 each)

PortaPot: It was recommended we purchase the same number of portapots as last year with the same cleanup arrangements.

Prizes: After a review of the remaining prizes from 2023, the CDs recommend an expenditure of up to \$2500 this year.

Fuel purchase. It was noted that the club annually purchases around 30 quarts of fuel for prizes. Our supplier was Red Max, who no longer sells model airplane fuel. After discussion it was decided that certain club members would make the fuel needed. Jim Taylor and Ron McBurnett volunteered to research the issue and report back to the club at its March 9 meeting.

Suggestions from those present:

1. Blake and Tiffaney mentioned the desirability of having a defibrillator available onsite at the contests.
2. Several CDs noted the desirability of cell phone numbers being available for fliers and CDs.
3. Location of medical facilities: It was noted that having maps of the location of local medical facilities would be useful - George Gilbert volunteered to research and report on this suggestion.

The meeting adjourned at 1:40 pm.

The Coupe Cup Redux

After gathering dust for a number of years, (since 2002) the WMC Coupe Cup is about to be awarded once again.

As you can see by the following set of rules, a partnership with SAM 8 is on the docket. This was the case with the original Coupe Cup, except the partnership was with the now defunct Strat-O-Bats. Some of the flyers who were involved in those days are still around and recall some of the competitions. One of the features in the day was the awarding to the winner of the Cup, the Coupe Cup Champ Cap. One of our friends was a knitter, and he would knit a cap each year with the WMC name on it, and for a small fee, we would buy it from him, and award it to the winner each year. Unfortunately, that knitter is no longer with us, so we may have to either drop this tradition or find someone else to do the job.

Another feature of the Cup was that the winner was obliged to provide a picture of himself with the winning model, and record information about it in the book which is kept with the trophy. It's not clear from the following announcement whether everyone involved with the Cup's resurrection is aware of all of these important traditions, but with the publication of this brief history, they should be,

Coupe Cup Competition – Proposed Rules for 2024

After much discussion the WMC has decided to restore Coupe Cup competition. This traditional trophy, last won by Bruce Hannah in 2002, will be awarded to the flyer who makes the highest scores in Coupe competition in two contests this 2024 season. Scores from the two SAM 8 sanctioned contests and the three sanctioned WMC contests are eligible, see below. Follow the guidelines, make those maxes, and you could take home a piece of a WMC tradition.

Guidelines to qualify for the Coupe Cup:

- Published or original designs through Dec. 1970.
- 70g. airframe weight, 10g. rubber, lubed.
- No cross section requirement.
- All wood construction.
- Original prop diameter and type (single, double, folding, freewheel, etc.) for published designs.
- No ROG required, no landing gear or take off devices required.
- No auto surfaces or auto prop assemblies even if on the original design.
- Prop hubs appropriate to the period (Montreal, Simple Torque, Teeny Torque) but no variable pitch, variable diameter, delayed prop release or feathering hubs.
- Original unpublished designs from the period qualify as do NEW original designs that meet the above guidelines.
- Models built from contemporary stick and tissue kits that meet the above guidelines (ie. Souper Coupe, Kiwi Coupe, Coupe de Ville or others) will qualify.

Flight requirements:

- Five two minute maxes, followed by consecutive 30 sec. increases per fly off flight.
- The best two scores from the three sanctioned WMC contests and the two sanctioned SAM 8 contests will qualify. The third best score will serve as a tie-breaker.

2024 WMC

Contest Schedule

Featuring a full slate of FAI, AMA, NFFS and SAM Events

Contest Dates:

June 15-16	3 Amigos Small Field Meet at Tumalo, OR	Bruce Hannah, CD
Aug. 15	Vintage Wakefield at Parker's Field, Tangent, OR	Bruce Hannah,
