

WMC Patter

Willamette Modelers Club

Volume 57, No. 1. Jan-Feb 2018

Official AMA Charter Club #536

WMC Meeting/Fun Fly: Sat.,

Feb. 24, 3PM@Grell's Farm

Weather permitting, Glenn has secured a field for a premeeting Fun Fly. Bring your Coupes and other cold weather models. Call beforehand to assure flyable weather. All club member invited. Before the meeting (and after) about 25 of the kits donated to the WMC by John Kamla will be available for member purchase. Many complete kits (some--not so much

Agenda will include:

Minutes, Treasurer's Report.

Report from the CD meeting (see details in this issue). Vote to accept or change the CD meeting proposals.

Vote to allocate money for outdoor contest prize purchases.

Other outdoor contest related items.

Disposition of the Kamla kits- Discussion/action (See comments inside this issue)

FFCB Report- Glenn.

Show and Tell- a decal to all who participate.

Goodies and coffee provided by Glenn and Linda. Thanks for your hospitality!

Official Indoor Schedule

The indoor season is underway. at the SAHS gym for the following dates in 2018. Plan to attend. Contest Flyer is in this issue.

Feb. 11	Indoor Record Trials. South Albany High School Gym.	George Gilbert, CD
(Feb. 25*)	Special Jake Palmer FAI Practice Session. SAHS Gym.	Jake Palmer, CD
March 11	Indoor Record Trials. South Albany High School Gym	Ben Strauss, CD
March 19-20	Indoor World Champs at West Baden, Indiana	
April 7 & 8	Two Day Indoor contest and symposium at SAHS Gym.	Jake Palmer, CD

*Note the scheduled extra day for Jake Palmer to practice fly F1D only in preparation for the World Champs. It's Feb. 25. If you want to help Jake, let him know.

Preliminary 2018 Outdoor Schedule (Final Details next issue)

April 21 & 22	San Valeers Annual Free Flight Contest at Lost Hills, CA	Terry Thorkildsen, CD
May 4-6	Annual Cloud Dusters NorCal Free Flight Contest at Waegell Field, CA	Bill Vanderbeek, CD
June 2-3	SAM 8 Spring Opener FF Contest @Keys Road Field, WA	Steve Dona? CD
June 23-24	3 Amigos Contest at Tumalo	Bruce Hannah, CD
Aug 17-19	NWFFC with Vintage/Pro-P30 -WMC	Gilbert & B.Grell, CDs
Sept 7-9	SPOT meet with Vintage/Pro-P-30 - WMC	Palmer & Russell, CD
Sept 28-30	Fall Annual with Vintage/Pro-P30 -WMC	G.Grell & Hannah,CD
Oct. 20-21	San Valeers Nostalgia Annual FF Meet at Lost Hills, CA	TerryThorkildsen, CD

† RIP- Ralph Prey

Ralph Prey, long time editor of the Satellite newsletter of the San Valeers Club and one of the founders of the Nostalgia movement, died on Sunday, Dec. 17. Ralph and I were frequent correspondents for many years and shared newsletters, stories and ideas. Ralph was 97 years old.

† RIP -Avery Clark

Word from Avery's son, Gary, reports that he died recently. Avery was a frequent FF and Ukie contestant at our meets in the 1970's and 80's. He flew power models very well and competed with the best of us. He was a many years' resident of Coos Bay, OR. Although he received our newsletter, he had not been active in the hobby lately.

Inside: 2018 Contest Proposals..Indoor results..3-View: Kopriva's E-20 Vector 2..

SciOly Designs.. Perpetual Trophies...P-18 Rules...More

SAM 8 Spring Opener

Steve Dona, president of SAM 8, announces that planning is underway for a new FF contest set for June 2 & 3, at their field west of Olympia.

The tentative title of Spring Opener is a harkening back to the Strat-O-Bats Spring Opener, which occurred in May in years past. Events proposed are: Combined Ignition O.T., O&R .23 Event, Combined Nostalgia Gas, Wock Event, One Design Gas Combo, P-30, and E-20. This will be an AMA contest, and a CD is yet to be named. Much is left to be done, but Steve says that this will be a contest/ fun fly type of meet. The field is a 2 minute site which is used for grazing by a local farmer, who has encouraged local fliers. Use of motor bikes is not confirmed at this time. More on this topic later. Sounds like a nice opportunity for us WMC types to fly at a meet which we don't have to run. More on this event as it develops.

Round The Pole Indoor Pylon Fun Fly

Ben Strauss report that, "for now we should let everyone know that a pylon is available at our indoor meets. Flight is in clockwise direction on a ten foot line. Rules can evolve if there is any interest. Scale or semi- scale golden age or formula one racers would be one direction we could go. I talked to Steve Dona at the SAM 8 luncheon and he thinks RTP might be something for the Finn Hill kids. Robert Hauk and I discussed a demo for them."

World Champ Timers Needed.

Jake Palmer wants any readers who might be interested in helping at the upcoming Indoor World Champs at West Baden, IN to contact him at <82.jake@gmail.com>
Details of the deal follow:

Timekeepers will be provided four nights lodging, Monday night, March 19, 2018, through Thursday night, March 22, 2018, in a double occupancy room and meal expenses of \$150 (debit card, etc.). Timekeepers will also be provided lunch on Tuesday through Thursday and will be provided a ticket to the Thursday evening Banquet. They will be expected to work from 9:00am until 6:00pm from Tuesday, March 20, 2018, through Thursday, March 22, 2018. They must attend a technical meeting of about 30-60 minutes tentatively scheduled for 6:00pm on Monday, March 19, 2018, evening.

All timekeepers must bring two stopwatches. One digital, electronic stopwatch must be capable of timing to 1/100 of a second for 40 minutes. The other stopwatch may be mechanical or digital and must be capable of timing 40 minutes to 1/10 of a second. Stopwatch apps on smartphones, tablets, calculators, or computers are not acceptable.

Subscriptions and Memberships. We produce 6 or 7 issues a year. and we are in our 56th year of continuous publication, Subscriptions are \$5 per year. Memberships are \$6 per year and require AMA membership, Memberships come with a subscription to Patter. You can also keep up to date on newsletters and club activities online at <www.willametteclub.weebly.com>. Make checks out to the WMC and send to Bob Stalick (address above).

We appreciate the support of Trump's Hobbies in Corvallis. Jim Trump does the copying, provides the copy machine and paper for printing this newsletter. That's why YOU get it so cheap. Jim is also a club member. If you are in the area, you should pay him a visit. The shop is located in the Timberhill Shopping Center, and can be reached at 541-753-7540. He stocks the most complete supply of items for freeflighters in the valley. Tell Jim you appreciate his support of the WMC.

+++++

Change in US Registration Requirement Does Not Affect Free Flight

Recently, The US Government changed the requirement for registration of model aircraft (drones) and now everyone who flies radio controlled models must register. However, the ruling does not affect non-RC models. The following excerpt is from the AMA:

“Q: Do only drones and multirotor operators need to register?”

A: Anyone who flies a model that can freely navigate in the air and uses a remote control device (e.g. RC transmitter) is required to register. This includes drones, traditional fixed wing model aircraft, model helicopters, and other remote controlled model aircraft. If you exclusively fly models under .55 pounds, indoors, control line, or free flight models - you do not need to register. “

Arto Viiri Signs Off!

Got a nice note from Arto over the holiday. He says., “I’m afraid my contest flying days are over. COPD keeps getting progressively worse, and unless a miracle cure comes along, will continue to do so. It takes little effort to get me winded these days; chasing flights is just out of the question. I think my future efforts in FF will be centered around small flying scale jobs and dead calm weather!

It’s almost 50 years ago that I first entered a WMC contest in Albany. Fifty years of great contests, camaraderie, friendship and warm hospitality of the Grell family. I feel privileged and grateful for having been a part of it.”

OK, Arto. We’ll miss you and Chris, too, but maybe you can still come on down and grace us with your wit and company. We hope to see you again!

Tom Kopriva’s Vector 2 VHTL E-20 model three view

Last Fall, I had witnessed Tom’s E-20 Vector model and was impressed with its climb. as it went straight up very fast, then transitioned to the left and had a nice glide. I talked with him about the model and he described the features, which included rocket tube parts for the fuselage, where the battery was stored. It was a takeoff (pun intended) of Stan Hill’s Vector Director FAI model, which I had built in the 60’s and powered with a Cox .15. The E-20 version flies much better and more consistently than the big one ever did! Tom has indicated on the three view some of his recommendations, but also suggests, if you want to build one, to drop him an email. See three view elsewhere in this issue.

Kamla Kit Disposition

As most of our members are aware, John Kamla graciously donated over 150 free flight kits to the WMC for our disposition. Glenn, Bruce and I went through each of the kits recently and set a number of them aside as too valuable for giving out as contest prizes. These 7 kits will be the subject of a sealed bid auction which will culminate in the opening of the bids at the Burtchett Memorial Swap Meet and Pie Social on September 8. (See details on P.6) Other kits had damaged boxes, were missing parts or generally felt to be not suitable prizes. These will be made available for sale, starting at the upcoming WMC meeting on Feb. 24. Approximately 20-25 such kits are in the stash. The remaining 125 or so will be made available as contest prizes in 2018 and 2019.

A flyer on how to bid for the select kits will be available at the club meeting and will be published in the next issue of Patter.

Scoring for the Vintage FAI and Pro P-30 Perpetual Trophies

Up for discussion at our upcoming club meeting is the matter of how to score the times for the perpetual trophies in these two events. My proposal is that the scoring be done just as Glenn uses to tally President’s Cup Points. It is based on the number of contestants the person beats. Example: If there are 10 contestants, and you place first, you get 10 points. If there are 4 contestants and you place second, you get 3 points, etc. Since Vintage allows a contestant to compete with more than one model (Vintage Era Class), the score that counts will be that contestant’s best placement. Since the Vintage Event flies both 2 minute and 3 minute maxes, and since flyoffs are usual, maxes using flight times as perpetual trophy points, is not as fair a system as placement scoring.

Dec. 3 Indoor Contest Results

This was the first indoor meet of the 2017-2018 season, and we had a great turnout of 14 contestants. Wally Miller has produced a nice trophy for high time in the newly named Intermediate Stick event, which we knew as X-16. This is the first of our contests for people can start amassing points for the (cont’d page 4)

Dec. Indoor Meet (Continued)

WMC A-6 trophies, too. George Gilbert showed up with some of his fleet and got in some good flying. Roman Stalick, a junior and my grandson, did very well for himself. winning Cat. glider again.

Future indoor meets this season will have the times sent to the Brainbusters Club, which is sponsoring the International postal Contest again this year, so times in Mini Stick and A-6 will be tallied beginning with our January 14 contest. The Brainbusters give out very nice engraved lucite trophies to winners in these events. I noted that 2 Bob's Boxtonians were flown in the Bostonian event. This design is nearly 30 years old, and still flies well. My original Boxtonian is still flyable after all that time.

Ben Strauss did some round the pole flying off to the side, and dazzled the onlookers with the speed of his rubber ship. He'll have the pylon at future contests, so build a model and enter. Looks like fun!

The prizes, such as they are, are awarded to the high point fliers. This time Tom Stalick had 14, Robert Hauk had 13 and Tom Copra has 11. Tight competition. (pix on the WMC website)

More to come in on January 14 and again on Feb. 11

Science Olympiad Clarification: According to the SciOly website. Wright Stuff and Helicopter are the 2 events for 2018. I've attached drawings from the website featuring the details of each design category. Some confusion exists as to which will be used in the SciOly event. Until this is clarified, the WMC will offer both events at our meets.

Results of the Jan. 14 Indoor Contest

Once again we had a nice turnout of 16 contestants. This time, we were also graced by the current F1D World Champion, Kang Lee. Kang was there to check out the site. He and Jake Palmer put in some really smooth flights with their F1D models. Kang and Jake will be back for the Feb 25 F1D tuneup meet Jake has scheduled. He also noted the entire US team could be there as Brett Sanborn is planning to attend as well.

Back to this contest: As noted, a good turnout means some really good flying. (Continued on Page 5)

January 14 Indoor Contest (Continued)

Noon Mass Launch brought out 5 fliers, and a nail biter finish for the top 2 spots. Andrew and Michael fought it out, with Andrew topping Michael by 12 seconds. Not sure what happened to Robert Hauk, who had a 7 second flight! Roman Stalick, a Junior, still owns all the old hands in catapult glider, besting 4 of his elder competitors. P-18 finally drew a few entrants, with Robert Hauk scoring 1:51 to edge Richard Zbinden's 1:45.

As usual, we ended the meet when CD Glenn Grell blew the whistle at 3:30. Prizes went to the top meet scores. Tom Stalick (26), Robert Hauk ((18) and Roman Stalick (13) topping the charts; however, anyone who put in an official flight got a prize--I got my usual tube of Duco. Next meet on Feb. 11. Hope you make it!

EZB - 1 entry

R. Zbinden :45 Note: Ministick and A-6 scores are sent in for Indoor postal competition.

A-6 Mass Launch Trophy Tally to date: Andrew Tagliafico - 5:57+5:12 (11:09); Michael Altig - 6:01 + 5:00 (11:01); Tom Kopriva - 5:03+4:25 (9:28); Tom Stalick DNF+3:34 (3:34); Jim Alderson - 2:13 + DNF (2:13); Robert Hauk - :07 + .07 (:14); . The scores in all contests are tallied and one poor score is omitted to determine the final winning scores. Trophies are awarded to second place at the 2 day meet in April.

P-18 Event

The P-18 event looks to have a promising future, as it is simple to build, easy to fly, and there are kits available. We have it as an event on our Indoor Schedule. Build one and fly.

The rules are simple:

Rubber powered airplane covered either with tissue or plastic shopping bag material.

The wing dimensions are not to exceed: 4.5" chord, 18" projected span. Stab is not to exceed: 3.5" chord and 9" span. Fuselage length is 18" max including the prop shaft.

Prop is a commercially available plastic prop not to exceed 6.0". Weight may be added for balancing.

Hook to hook distance is not to exceed 10"

Minimum weight is 7.5 grams.

Best score of 6 attempts counts.

Contest Directors Meeting Report

The meeting of the WMC contest directors was held at the SAHS gym on Sunday, Jan. 14. The following recommendations are made to the WMC membership for the 2018 outdoor contest season:

Three Amigos Contest at Tumalo. June 23-24. CD: Bruce Hannah. Dinner at Vernon's on Sat. Eve.

Vintage FAI/Pro P-30 Meet August 17, CD: Bill Swift.

Friday Night Lights - Night flying on the field, August 17. Jim Taylor, director.

Tangent Classic/FAI Challenge Probable dates: Aug. 17-19. Blake Jensen, Ron McBurnett, CDs NWFFC. Aug. 17-19. CDs: George Gilbert, Bruce Grell. Contest starts Friday at 9:30 AM.

Vintage FAI/Pro P-30 Meet #2 - Sept. 7. CD: Bob Stalick.

SPOT: Sept. 8-9. CDs: Jake Palmer, Travis Russell, assisted by Bruce Grell. Contest starts Friday 9:30 AM

Vintage FAI/Pro P-30 Meet #3. September 28. CDs: Bob Stalick and Bill Swift

Fall Annual. September 28-30. CD: Glenn Grell and Bruce Hannah. Contest starts Friday at 9:30

Related Events: Spaghetti Feed/Potluck - August 18. Burtchett Memorial Swap Meet and Pie Social - September 8; Bean Feed Sept. 29. All these events at the Grell farm.

- No changes to the event schedule.
- ROW will be offered at all 3 contests (to be reviewed for the 2019 season).
- Perpetual trophies will be awarded at the Fall Annual for the winners of the Vintage FAI and for the winner of the Pro P-30 Events. Trophy offered by the Buskells.
- We will provide 2 portapots for each of our contests.
- We would like to have table assistants available from the club membership to take a stint at the CD table at each contest. Volunteers requested.
- FAC? No word, but if FAC wishes to sponsor a meet in conjunction with our contests, they are welcome to do so under our guidelines. (AMA membership, cost offsets and following our field rules).
- Entry Fee changes - None proposed.
- Prize Allocation - Recommend \$1500.

Other Business:

Bill Swift will be the scale judge again. All models will be judged Saturday at each contest. All models will be flown on Sunday beginning at 8 am.

Parking: On field camping along the fencelines please. Parking at the flight line must be at least 100 feet upwind.

Advice to those who plan to attend the August contest - A music festival is held nearby this same weekend. Strongly suggest arranging lodging sooner than later.

+++++

Kamla Kits Sealed Bid Auction

(Minimum bids are noted as MB)

All kits are complete and in perfect condition.

Kit #1-Champion Kits "Champion P-30" (MB- \$30)

Kit #2 -All American 1939 Rubber Cabin model. Fresno Model Kit Co. (MB \$30)

Kits#3/4 -Wakeup Wakefield kits (2). By Champion Model Kits. (MB / kit \$40)

Kits 4/5 -Geodetic Galaxie 1/2A Gas model kit by Anderson Products (2 kits) (MB \$35/kit)

Kit #6 -1/2A GYSOB kit by DGM Co. (MB\$50)

Kit # 7 -1/2A Lucky Lindy kit signed by Larry Conover. Kit by "the Model Box." (MB\$60)

Submit bids in sealed envelope as detailed below. Bids will be opened at the Silents Please Collecto., Saturday, September 8 at 7 PM.

Instructions:

On the outside of the envelope, print the number and name of the kit you are bidding on (one envelope per bid)

On the card inside, print the amount of your bid, your name and phone number.

Place the card in the envelope and seal it. Place sealed envelope in the bid box.

You may bid on any item as many times as you like. Kits not auctioned off by sealed bid will be sold at the collecto for the minimum bid or auctioned off on Ebay.

This drawing comes from the guy who, three years ago, said he wouldn't build an electric free flight model. Now, I've found out how much fun there is in the experimentation within the E-20 format. I now have 2 all balsa canards, 3 delta wing canards, 1 tailless canard (after the Cyrano), 2 conventional models, and 4 very high thrust models. The latest designs were taken from Keith Hoover's Hi-Liner and Stan Hill's Vector Director. They have a straight up climb pattern. Use shims for motor thrust changes. The Napier timer is best as it ramps down for the last two or so seconds and allows a smoother transition into the glide. These models are neat as they can be set up with a 10 second resistor and flown in a small field. If you decide to build one, feel free to contact me for any help you need.

Indoor - 17/18

The Willamette Modelers Club announces the 2017-2018 Indoor Contest Season at South Albany High School.

The Dates: December 3, January 14, February 11, March 11 and a 2 day extravaganza on April 7 & 8.

Times: On Sundays, the site will be open around 8:15 AM with competition beginning at 8:30 AM and ending at 3:30 PM. We are expected to be out of the gym by 4 PM. At the 2 day contest, we will begin at 10 AM Saturday, and continue into the evening. Sunday will be a regular scheduled day. We will break on Saturday around 5 PM for dinner, reconvening at around 6:15 for a symposium, followed by night flying.

Sunday Schedule for All Meets:

8:30 AM - HLG and Catapult Glider- includes SciOly Glider -continues until finished or 9:30

9:30 to 11:55 AM - Specialty Events.

Noon - Mass launch for A-6. Perpetual Award given at end of season.

12:10 until 3:30 - Duration events.

3:35 PM. Prizes awarded. (you must be present to win)

Note: Saturday's schedule will be set by the CD at the meet depending on entry.

The CD reserves the right to alter this schedule to accommodate event entries.

Contest Events

Specialty: Peanut Scale, AMA Scale, NoCal Scale, Pistachio Scale, Bostonian, and Moorhead Event.

Duration: EZB, F1L, Ltd Pennyplane (all 1/4 motor), 1/2 A, A-6, Ornithopter, Ministick, Jr. Intermediate Stick (X-16)and A-ROG.

Entry Fees

\$10 per Open member and \$2 for Junior and Senior age contestants. A site donation is requested from all who use this facility. Entry Fee for the 2 day contest is \$10 for one day and \$18 for both days. Juniors and Seniors are \$2 for both days. Contestants are requested to assist with cleanup.

Contest Prizes

Nominal merchandise awards presented to all contestants in order of placing. Awards are made at 3:35 PM each Sunday. The A-6 awards to first and second place high time will be awarded on Sunday, April 8 to the contestants who scores the highest in 3 of the 4 contests. A-6 and Mini Stick scores will be reported for the International Indoor Postal competition.

Contest Site

South Albany High School is located at 3705 S. Columbus St. in Albany, OR. The gym is located off the 37th St. parking lot next to the swimming pool. The gym has a 36 foot ceiling. Please wear gym shoes. No smoking is allowed on campus.

Contest Sanctions and Directors

All contests will be AMA sanctioned record trials. AMA membership is not required for entry. C.Ds are: December 3- Bob Stalick; January 14- Glenn Grell; February 11,- George Gilbert, March 11- Ben Strauss, and April 7-8 - Jake Palmer. Further Information, contact Bob Stalick, 1930 NW Heron Point Ct., Albany, OR 97321. Ph: 541-928-8101 <freefliiter@aol.com>
