## WMC Unmeeting, May 23 + Delta Dart Challenge & Sticks Model Event

Looks like a Trifecta to me. Starting time at the Grell farm is likely around noon on Saturday, May 23. The unmeeting will begin after all of the flying is in the books, very likely around 2 pm. As usual for the unmeeting, no agenda is available, but items of interest and import will be on the docket, and of course, we'll have show and tell to end things. WMC decals to all who bring models to show.

Bring your Delta Dart or AMA Racer and, if you built something using the 18" sticks that Glenn provided some months back, bring that as well. Glenn has offered a reward for those that fly. (Maybe more sticks?). Here's your chance to show off your design prowess and completely WOW your fellow clubmates. Even if you don't have a Delta Dart or Sticks model, come anyhow. You can time a few flights or act as a stooge for those who do. Sounds like a fun day!

### ...AROUND Dist. XI...

The indoor season is beginning to wind down, with only two meets to go. But the big two day indoor meet is still to come on April 2 & 3..

Outdoor Contest Schedule is shaping up and gets underway for many of us in April. Here goes:

April 8-10 SanValeers Annual at Lost Hills, CA (see flyer inside)

April 29-May 1 Annual Norcal meet at Waegell Field, CA

June 18 & 19 Three Amigos Small Field Meet at Tumalo, OR (see flyer inside)

Aug. 17-21 NW FF Champs/5 Days in Tangent. Parker's Field, Tangent, OR

Sept. 9-11 Annual SPOT meet at Parker's Field, Tangent, OR.

Sept. 30- Oct 2 Fall Annual FF Meet at Parker's Field, Tangent, OR.

Oct. 21-23 San Valeers Nostalgia Annual at Lost Hills, CA

### Last Two Indoor Meets of the Season\_Indoor Symposium on Tap

We finally have the SAHS gym back in our use and it's great to be there. So far this year we have had a small but enthusiastic bunch of free flighters enter and compete. We would appreciate a strong finish to the season, but there are only two meets to go. March 20 and April 2 & 3. The April 2 day meet will feature an indoor Symposium orchestrated by Robert Hauk. and will have a number of indoor fliers sharing their construction and flying secrets. This part of the day will be held on Saturday evening at the gym with the likely starting time at 6 pm. Even if you don't enter and fly, the Symposium always offers useful and interesting insights. The cost is right, just come and learn something from your indoor free flight friends.

### Early Processing/ Rounds Events

The Rounds Events entrants (Pro-P30, Vintage FAI Power and Vintage Wakefield), will be able to process their models on the afternoon prior to their events at the NWFFC. Beginning around 3:30 pm and extending for an hour or so on wednesday, thursday and friday, the respective CD will weigh, record and enter any contestant who would like to do so. Processing will still be available at 7:30 am on the day of competition.

### Cranfield 60th Anniversary Contest

Finally, we will belatedly hold the 60th Anniversary Cranfield Classic meet in conjunction with the NWFFC/5 Days in Tangent Vintage Power Event. Special awards for placing first in: Replica, Modified, Lucky Lindy Replica and Lucky Lindy Modified. Bring those Cranfield models and fly!

**Jan. 16 Indoor Contest Results** by Bob Stalick

The January 16 indoor Contest at SAHS was supposed to be Jake Palmer's to CD, but he came down with Covid at the last minute, and I ended up doing the honors for him. Our attendance crept up a bit to seven registered contestants, an improvement of two since December. And the heating system pretty much cooperated this time, with it running until 9am and then starting up again shortly after 3 pm, so most of the day was blessed with no added airflow. Mark Allison and daughter made an appearance this meet, and he flew his usual stuff and flew it well. His pistachio scale Lacey was particularly impressive as it cruised under the ceiling beams high in the air. He also had a new model I hadn't seen before, it was a British WWII "Kamikaze" aircraft, and it won AMA Scale.

The meet also saw the re-emergence of Andrew Tagliafico, who missed our December contest, Andrew spent most of the day getting his venerable A-6 model prepped. Once in the air, it hung up on one of the new light fixtures and even though some heroic efforts were employed, it was still there at the end of the meet. Andrew said it had served him well, as it was one of the first A-6 models he built to fly in the SAHS gym. Another rescue effort was more fruitful, as Robert Hauk's very cool Zero landed on one of the basket motors on the side of the gym. He was able to dislodge it with the FG pole and it came down intact.

Robert and son, Tom Stalick, duked it out for high point honors this time, and Robert eked out a win, so he got first pick of the usual pile of stuff on the CD table.

Tom had a new Pennyplane built from a Gitlow kit and he was working out the kinks with advice from Mike Altig. Tom Kopriva had his usual A-6 flying well, and won the event over 3 other contestants.

P-18 Mass Launch was a battle between 2 flyers, not much Mass there! Robert Hauk beat Tom Stalick this time around.

Since this was the date for the annual CD meeting, quite a few visitors were in attendance, and I overheard Bill Swift, Bruce Grell, Tom Kopriva and Robert Hauk discussing the upcoming Standoff Scale event to be held this coming September. (More on this elsewhere in this issue) Also present was Ben Strauss, who will CD the next indoor meet. Ben was touting his event to be held at the 5 day NWFFC this August. He calls it "PeeWeePalooza" and any model with a reed valve 020 is eligible. More on this elsewhere as well.

So, back to the indoor meet. We expect to see the Aldersons at our February contest, so maybe our entry will continue to grow back. Let's hope so.

### And now, a bit of whimsy from Tom Kopriva

A Fantasy: "I can see it now—4th quarter—time running out with a tie score between rivals South Albany and West Albany.

Less than a minute to play—Full court press—A STEAL!—South gets the call from the coach to play for the last shot—The crowd noise is in the upper decibels—then someone notices an alien object from the lights—there is a hush as the fans wait for Andrew's fully wound A-6 to complete its 4 minute journey to the floor. By this time all the players are mesmerized by the flight and immediately quit the team and join the WMC so they too can learn the secrets of free flight model aviation.

I just finished my Martini."

### February 13 Indoor Meet Report from Ben Strauss, CD

The February indoor meet is in the books. Seven flyers recorded over one hundred flights. We flew "no touch" again with no complaints.

It's great to see Mark Allison flying with us again, he always seems to have an "interesting assortment" of things to fly. Robert Hauk executed a precision spot landing on one of the hanging lights with his Pnut. Fortunately the management

provided a helium balloon and the Stinson 120 was set free without damage. The highlight of the day was Jim Alderson's three dimensional rendering of the club logo, a few adjustments and it was flying nicely. The Results:

## WMC Meeting- Feb.5

Prior to the WMC meeting, Glenn and Linda provided lunch and goodies in the Grell shop. Glenn had also set up a couple of recorders and TV sets which showed some of the historical videos of WMC activities from as early as the mid-1960's Those us us still around sure looked young!!

### Feb. 5 WMC Meeting Minutes

The meeting was called to order by President Glenn Grell at 1:27 pm.

The minutes were read and approved for the club's annual meeting on October 30, 2021

The treasurer's report was accepted as presented.

Linda Grell announced the AMA charter club renewal is due on March 1. Payment made.

### Report from the CD meeting of January 12

-Bruce Hannah reported on the proposed T Shirt purchase. Shirts will cost \$12.50 each with extra costs for XXL and bigger and with pockets. After discussion, it was decided to purchase 60 shirts. Bruce Hannah will coordinate.

-Bruce H, proposed a raffle be held each day. Each contestant will receive a ticket upon entry, and several will be drawn at the end of each day.

Contributions of raffle items are requested.

-Rounds Events will provide medals for winners. Cost is \$8.50 each with engraving. 3 medals per event.

-It was recommended that we sponsor all of the NFFS Junior Events at all three meets this year. (P-30, HLG, Cat Glider, 1/2A Gas and Classic towline). Passed unanimously.

-Members are asked to help publicize the NWFFC with Facebook posts, handing flyers to potential contestants, putting flyers on windshields at contests, etc.

-Food truck. Sara reported her research on food trucks. The one she located would charge us \$375 per day plus whatever sales they mustered. After

some discussion, it was decided to not hire a food truck.

-Parking. Bill Swift provided a schematic of the field with recommendations on parking. A parking diagram will be made available to contestants and some signage will be posted on site to assist. The consensus was positive for the plan.

--PeeWee Palooza. Ben Strauss announced the PeeWee Palooza event to be held on thursday or friday evening (see announcement elsewhere in this issue).

-Portapots. Glenn Grell had researched a couple of different portapot providers. The plan is to order 4 and place 2 each on either end of the field.

Additionally, they will be cleaned once during the event. He had 2 quotes: Bucks at \$680+cleaning and Best Pots at \$440+cleaning .

Moved, seconded and approved to order 4 units plus cleanup from Best Pots.

It was moved, seconded and passed to allocate up to \$2500 for prize purchases this year (for all 3 contests).

Entry Fees- Entry fees for the August meet will be \$10 for one event and \$30 for two or more events.

Rounds events will be \$10 each. The SPOT and Fall Annual are unchanged at \$20. Juniors are free at all events.

New Digital Scale: Bill Swift presented and demonstrated the newly purchased digital scale the club will use for future events requiring weighing.

### Stand Off FF Scale

Bill Swift has been working on a simplified scale concept that is similar to FAC Dime Scale or Kit Scale

Current plans are to have a trial run at the Fall Annual. The rough draft rules are:

Club Bylaws Update.; Bill Swift had gone through the current iteration of the bylaws (which were adopted in 2003) and noted several items needing attention. It appears a committee will be appointed to address the issue of updated bylaws. Watch this space.

## Announcements

-Indoor Symposium. Robert Hauk is organizing an Indoor symposium to be held on Saturday evening of the 2 day indoor contest- April 2 at the SAHS Gym. Anticipated start is 6 pm.

-Roger LaPrelle. our club webmaster, is moving from Olympia to Albany in March. His new digs are a few blocks away from George Gilbert's home. Welcome to the club, Roger.

-The Annual Unmeeting is set for May 23. Glenn

announced the third annual Delta Dart contest will be held before the meeting on May 23, and the square stick contest will be held then as well.

-Frank Pollard is finished with his active modeling career and is looking to give his free flight stuff away.

-Meeting was adjourned at 2:50 pm.

## Show and Tell

-Bob Stalick brought three models: one was a recently completed full sized Senior Senator for Vintage FAI. Power is an OS Max 15 MK.1, Polyspan covered. the other is an original from 1968, the FAI man designed by Bob Stalick, The new rendition is powered by a ST G-15, and is covered in Polyspan. Neither has flown yet. He also presented his new version of Tom Kopriva's Vector 2 E-20 model with a foam wing.

-Glenn Grell showed off his Ramrod 250 power model, powered by a Medallion 049--Glenn's First ever gas powered model. He claimed he built it on a bet with his brother, Bruce. Glenn also presented a new Coupe. The Voyager, from an early edition of FreeFlight.

-Ben Strauss presented a Frog Kits Wren and a hi start glider.

-Bruce Hannah had a folding prop that works with the Wayne Smith front ends. He claimed it produced a better fold.

## Northwest Pro P-30, Vintage Power, and Vintage Wakefield Challenges

**Dates: Aug. 18, Pro P-30; Aug. 19, Vintage Power; Aug. 20, Vintage Wakefield** Held in conjunction with the 5 Days in Tangent Northwest Free Flight Championship contest at the same location.

**Location: Parker's Field, Near Tangent, Oregon.** From I-5 take Exit 228, east to Seven Mile Lane. Turn south on Seven Mile Lane and follow the signs from there.

**Times: Registration: 7:30 A.M. for all three events. All three events start at 8:00 A.M.**

**Schedule:** All events will be flown in five, 60 minute rounds, consecutively, with a half-hour lunch break after round four at approximately 12:00 Noon. Subject to weather conditions, rounds may be compressed or lunch skipped with approval of contestants. Fly off rounds will begin 5 minutes after the last competitor finishes round five. Fly off rounds will be 30 minutes for all 3 events.

### Contest Information:

- All classes will launch from an identified box.
- Wakefield and P-30 models may be wound in a separate location but must launch from the box.
- Power and Wakefield models will fly three-minute maxes depending upon field conditions, P-30 will fly two minute maxes.
- Power models will fly decreased engine run fly-offs. Wakefield will fly four minute fly-offs, P-30 will fly three minute fly-offs.
- Back-up models are permitted. The back-up for P-30 must be a P-30. Back-up Power and Wakefield models must be in the same Era as the primary model or re-entry will be required.
- Power and Wakefield models will be weighed and stamped at registration. Back-up models will be weighed and stamped as needed. Models will be marked on the wing with the appropriate Era in which they qualify. P-30 models will be presumed AMA legal. Unprocessed models will not be allowed to put in official flights.
- Pro P-30, Vintage Power and Vintage Wakefield flyers may process and register their models BETWEEN 3:30 AND 4:30 PM the day before their events.
- Current NFFS Vintage Power and Wakefield rules and AMA P-30 Rules apply.

**Entry Fee:** \$10 per event. To fly in more than one Vintage

Power Class, an additional \$10 will be charged for each class. Multiple entries allowed for each contestant.

**Prizes:** All 3 events: Medals through third place. Special awards for 1960 Cranfield 5 power models.
