## Willamette Modelers Club

Official AMA Charter Club #536

### WMC Meeting - Sat, Oct. 21

### Mtg at 2 PM. Fun Fly?

### Where: Grell Farm

This will be the annual meeting of the WMC. Glenn says if the weather is OK, come on down early and do some fun flying (check with him for the field). Meeting will begin at 2 pm. Also, some of the estate sale stuff is still available. If you've missed out, now is the last time for you to pick up that cherished item. And bring your latest project for show and tell. Get a WMC decal for your effort. Remember WMC dues are also due.

#### ...Around Dist. XI...

The outdoor season is all but done for now. SAM 8 scheduled an end of season meet for Oct. 14 & 15, so a bit late for this issue. The Dual Club meet at Lost Hills on Veteran's Day weekend will pretty much wrap it up for 2023.

Indoor Season is just around the corner, with the meets at SAHS ready to go (see contest announcement this issue) Dec. 3, Jan. 21, Feb. 18, March 24 and the 2 day on April 6 & 7.

#### Why Am I Getting this Newsletter?

It has been historical WMC practice to send our newsletter to anyone who registers to fly at one of our contests. If you are a member or subscriber, you get it automatically, but if not, consider this issue as a gift from the WMC. You may check out back issues on the WMC website <Willamettemodelersclub.weebly.com>

#### 2024 WMC Dues are due

The WMC dues are now \$15 per year, and are now being accepted for the 2024 calendar year. You can

#### SPOT Contest Report by George Gilbert, CD

Turn out was better than I had anticipated, with 27 entries total. Friday saw mostly the Pro P-30 and Vintage FAI events.

There were a few flights in other events, but with the adjacent FAI Contest and the Vintage FAI flying, not a lot happening. See the Vintage and P-30 event reports.

Saturday gave way to a bit more wind than Friday and the rising air was tricky to find and stay in the smaller thermals. Due to a wind shift on Sunday, the trailer was moved to the south end of the field after the scale flying was completed. Not as many scale entries this time out. The wind held back some flying but after mid morning the wind dropped down and the flying started to really happen. All told it was a good contest and enjoyed by all.

#### Vintage Power and Pro P-30 Report by Bob Stalick

Vintage FAI Power and Pro P-30 were both flown on Friday.. Early wind direction was from the South and we discussed the possibility of delaying the first round for a bit, and then as if by magic, the wind shifted in time for the 8:30 am start. Since it was reasonably calm, we started with the three minute flights in round one., and everyone maxed except Dave Ives in P-30. Second round was also set for 3 minutes, and this time Stalick dropped the round. Round 3 was kept at 3 minutes, even though the wind had begun to pick up. Swift, Stalick, Dona, and Tarvin (V-4) dropped Nigel entered 2 models in different eras, and his Uranus was not quite ready for prime time, as he had had numerous issues with the DT system. Decker was also unable to put in a flight as his trusty Maxamatic Hawk had developed a fuelline issue, and he was unable to continue. Meanwhile, the

# Page 4

P-30 boys were hitting all the good air, except for Glenn Grell, who dropped 5 seconds... Round 4 was flown at 2 minutes. All the power guys maxed, but Dona, who was also unable to continue. Round 5 saw all the remaining fliers max, except for Robert Hauk in P-30.

The flyoffs began and it was over quickly in P-30, as neither Koran or Vernon maxed, but Vernon did a bit better to pull out the win. In power, it became a marathon of flyoff flights with Hannah putting in 6 flyoff maxes to seal the win.

## Vintage Wakefield

Vintage Wakefield was flown on Saturday, and once again, the early wind direction was into the rough field to the North, but around 9:30 or so, the shift began to occur and all flights were drifting the length of the field. No flyoffs were needed to settle first place. Bruce Hannah did it, and he put in an extra flight for good measure.

## Saturday Evening Pie Social and Estate Sale

As usual, the Saturday evening pie social and collecto/Estate Sale drew about 40 contestants and friends to the Grell farm. Plenty of desserts were on hand thanks to club member and Linda Grell. Only one collecto person came, and it was Mike Hazel who had few items on a table. Along with the estate sale items in the Grell shop, Mike sold a few things. Still plenty of stuff remaining for the last contest of the year. Thanks to glenn and Linda for once again making their place available for all of us.

Glenn also awarded two engraved glasses to WMC members. Bruce Grell got an award for the most active CD in the club and Bob Stalick got an award for being the last remaining charter member..

## Fall Annual Commentary by Roger LaPrelle Co-CD.

We had a nice turnout of 33 contestants including most of the Menanno clan and a strong contingent from SAM 8, Thanks to all who came and competed with us. However we had no juniors or seniors enter-- a bit of a disappointment.

Friday morning started out rainy, cold, and overcast until around 11:00. The Vintage FAI flyers, after much discussion, decided to postpone the event until Sunday. The Pro P30 flyers, on the other hand, decided to fly but without rounds.

Regular events started flying after 11:00. Air improved after 12:00 and continued to improve so the contest was extended until 5:00.

Saturday morning was overcast, cold and windy. There was a lot of Old Timer flying first thing, along with Vintage Wake. The clouds broke around 11:00 and the air was really good from around Noon until 2:00. Many flyers were able to take advantage of it, but then the wind returned with a vengeance.

Sunday morning was calm, clear and cold at sunrise, but the wind returned after a couple of hours. Scale flights were started at 7:45 AM and were completed in 30 minutes--plenty of time to allow the first round of Vintage Power to start at 8:30. Flying conditions improved in the afternoon and there was a lot of flying. At the awards ceremony Bruce Hannah and Glenn Grell presented the plaques for Vintage FAI Power, Vintage Wakefield, Spirit of Nostalgia, and E-20. One really bright spot on Sunday was Sara Menanno winning A Gas. Watch out guys, which event will she try next?

Thanks to all who came. We look forward to seeing everyone next summer at our Tangent meets.

#### Raffle Drawing..

Each year, the WMC features a number of desirable free flight items as part of a raffle on the field. the ticket sales are used to defray the cost of the portapots. Tickets begin sales in August, but are not drawn until the Sunday of the Fall Annual. This years winners are: Bill Koran (TD 020 NIB)I, Ray Pope (NFFS W/C Stopwatch). Ted Vernon (Reverse Montreal stop by Wayne Smith), Tom Stalick (E-36 motor and mount), Brooke Linford (E-20 motor, timer, props and DT timer), Tiffaney O'Dell (E-36 timer).Mike Rule (Simpletorque front end), and Roger LaPrelle (K&B 4.9 NIB). Those not present will have their prizes shipped to them shortly.

#### Commentary

The Vintage FAI and Pro P-30 Events were scheduled for Friday at 8:30 am, but field conditions were such that the event was postponed for an hour so the rains would subside and visibility would improve. Then another 30 minute delay was instituted and a final meeting of the contestants was called at 11 am. After discussion, it was decided to postpone both events until Sunday when the prediction was for excellent weather.

At 8:30 am Sunday, after the scale flying was completed, the first round, set for one hour, commenced. Of the 16 entrants, ten were able to put in official flights, with 8 maxes recorded in Vintage. Since there were only two entrants in Pro P=30, both contestants set up their own rounds system on Friday.

As the day progressed, the variable winds of the early morning began to settle in for the normal drift to the south, and the sun came out and warmed up everyone, producing nice light thermals. The chase for the Buskell cup was an interesting sidelight to this meet, as three contestants, who had scored well in August, had a shot at it. Schneider, Pope and Hannah. As it turned out, Hannah was able to nab it, as both Schneider and Pope dropped a round and ended with identical scores.

The decision to shorten rounds 2-5 to 45 minutes each added pressure to the competition. Finally, when it was time for the flyoffs, the decision was to institute 5 minute flyoff window, which all of the contestants remaining handled with ease--something to consider in the future!

**Annual WMC Beanfeed Potluck**

This contest features the annual WMC beanfeed at the Grell farm. About 30 or so folks showed up and polished off all of the beans and most of the desserts as well. Another dent was put into the estate sale items still in the Grell shop and garage. Still a fair amount left, though. Maybe at the upcoming SMC meeting on Oct. 21, a few more items can be sold. Bring some cash!

Thanks as always to Glenn and Linda for hosting all of us at their farm. And special thanks to Linda for all of the food prep she's done for us this season.

### Scale Awards-

Bruce Grell presents three framed vintage airplane paintings each year to the top three scale modelers for the outdoor season. This year, the winners were: Ted Vernon, first place; Robert Hauk, second place; and Ralph Cooney, third place.

### E-20 Award- winner for 2023 - Bob Nelson

The E-20 Award was conceived and constructed by Frank and Linda Pollard to encourage participation in this event. The top scoring flier in two of our three outdoor contests each year is the recipient. This year, the winner is Bob Nelson.

### The Coupe Cup - 2023 winner is Glenn Grell

After a hiatus of 22 years, the WMC has returned the Coupe Cup to active service. Retired in 2002 or so, this award is now updated and awarded to the Coupe flier who scores the highest in two of our three contests using a 1970 or older design Coupe. The winner for 2023 is Glenn Grell.
